

Edible Bird's Nest

Ingredients:

1½ cup Chow mein noodles
1 cup semisweet chocolate chip
jelly beans and/or candy coated chocolate eggs
marshmallow chicks – “peeps”
wax paper
paper plates

Directions:

1. Place squares of wax paper onto individual plates. Put chow mein noodles in a large bowl. Melt chocolate chips in the microwave, or over very low heat on stove, just until melted. Pour melted chocolate over chow mein noodles, mix together to coat.
2. Place mounds of chocolate/chow mein mixture onto several plates (on top of waxed paper). Have children form the mixtures into nests. Be sure the chocolate has cooled, but don't wait too long or it will harden!
3. Add your “eggs” to the nest, then add the mommy and daddy birds to the nest.
4. Enjoy!
